AND SURETYSHIP ASSOCIATION, LIMITED.

The only Scottish Office transacting Fidelity-Guarantee Business alone.

SUBSCRIBED CAPITAL, £500,000. INVESTED FUNDS, £90,000. Insurance against Fraud and Embezzlement.

The question of **Fraud** by trusted officials is so frequently brought into public prominence that the necessity of Employers holding adequate security on behalf of responsible persons whom they employ must be freely admitted. It is the obvious duty of Members of School Boards, Parish and County Councils, Directors of Public Companies, Committees of Charitable Institutions, Friendly Societies, &c., to see that proper security is held on behalf of those whose funds they administer, and the moral and financial safeguard of a Guarantee Policy issued by a good office should commend itself.

The premiums charged by The NATIONAL GUARANTEE AND SURETYSHIP ASSOCIATION are based on the statistics of upwards of Forty years' experience, and a full Prospectus containing an approximate table of rates for the various classes of risk will be sent on application. Special quotations are given where a large amount of

business is involved.

The Association is prepared to grant immediate security to Accountants, Solicitors, and Others, in connection with Court appointments, and will give full particulars of the special facilities afforded on application.

INLAND CORRESPONDENCE.

Inland letters, parcels, or other postal packets are those which pass between places in the United Kingdom, including the Isle of Man, and the Channel Islands.

LETTERS.

I. The prepaid rate of postage is as follows, viz.:—Not above 4 oz., Id; for every additional 2 oz., \(\frac{1}{2} \)d.

2. A letter posted unpaid is chargeable on delivery with double

postage; if insufficiently paid, with double the deficiency.

3. No letter may exceed two feet in length, one foot in width, or one foot in depth, unless sent to or from a Government Office.

NEWSPAPERS.

I. The prepaid postage on every registered inland newspaper, whether posted singly or with others in a packet, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate than would be chargeable on a halfpenny packet or letter of the same weight.

 A newspaper or a packet of newspapers posted unpaid is chargeable on delivery with double postage; if insufficiently paid, with double

the deficiency.

3. Any publication fulfilling certain conditions (which may be ascertained at any Post Office) can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as a newspaper.

4. Every newspaper should be so folded and covered (if posted in a

cover) as to permit the title to be readily inspected.

5. Every newspaper or packet of newspapers must be posted either without a cover or in a cover open at both ends, and so that the same

can easily be removed for the purpose of examination.

6. A newspaper and the cover of a newspaper may not bear anything except the names, addresses, and descriptions of the sender and the addressee, with index or reference numbers and letters, the words "with compliments," a request for return in case of non-delivery, the title of the newspaper and a reference to its registration for transmission by post, and a reference to any page of, or place in, the newspaper to which the attention of the addressee is directed.

7. No article (not part of the newspaper) may be posted in the

same cover with the newspaper.

8. If any one of the three last mentioned rules is infringed the newspaper packet (unless it is admissable as a halfpenny packet), is either charged as an insufficiently paid letter, or is transferred to the Parcel Post and charged with a fine of 1d in addition to any deficient parcel postage, whichever charge is the lower.

9. A newspaper or packet of newspapers may not weigh above 5

lbs., or exceed two feet in length, or one foot in width or depth.

10. The prepaid rate for newspapers not registered at the General Post Office is \(\frac{1}{2} \)d for every 2 oz., unless sent by Parcel Post.

That any written matter not forming part of the document itself refer solely to the subject matter of the exercise, or to the questions put or the answers thereto.

That nothing appear in the document in writing which does not form part of the document as a legal or formal instrument.

By "printing" is meant any species of type-printing easy to recognise, or any mechanical process ordinarily used to produce a number of identical copies of written matter, and easy to recognise, such as lithography and hand-stamping. Documents wholly or partly printed in type-written characters, or reproduced from a type-written

original by a mechanical process ordinarily used to produce a number of identical copies, are not admissible by the halfpenny post unless

(a) they are handed in at a Head or Branch Post Office. (Such documents are also accepted provisionally at Town Sub-Offices and at certain of the more important rural Sub-Offices, subject to their being found to be in order when examined at the Head or District Office, to which they will be sent.);

(b) special attention is called to their nature;

(c) at least twenty copies are posted at the same time.

These conditions are not enforced when the documents are not in the nature of a letter or are within any of the descriptions specified in the foregoing table.

"Writing" includes type-writing or any mechanical or other process

ordinarily used to produce a single document.

There may also be transmitted by the halfpenny packet post—

(1) Sketches, drawings, paintings, photographs, engravings, maps, plans, and charts on paper or some substance ordinarily used for the purpose, provided it be not a brittle or exceptionally fragile substance.

(2) Blotting books and pads, and coloured papers attached to price

lists and trade circulars.

- (3) The binding or mounting of any article sent by the halfpenny packet post, provided it be of a kind ordinarily used for the purpose, be not made of glass or any brittle or exceptionally fragile substance, and be transmitted in the same packet with the article in respect of which it is used.
- (4) Anything necessary or convenient for the safe transmission of

any article.

No other article or document can be sent by the halfpenny packet post, and in particular the post cannot be used for goods, samples, or patterns unless they come within the foregoing descriptions.

SPECIAL CONDITIONS.

I. A halfpenny packet may not exceed 2 feet in length and I foot in width or depth.

2. Every halfpenny packet is subject to examination in the post.

3. Every halfpenny packet must be posted either without a cover, or in an unfastened envelope, or in a cover which can be easily removed for the purpose of examination without breaking any seal or tearing any paper or separating any adhering surfaces. A packet posted without a cover may not be fastened or otherwise treated so as to prevent easy examination.

4. No halfpenny packet may contain or bear any communication in

the nature of a letter not expressly allowed by these rules.

5. (1) No paper money may be posted or conveyed or delivered by post in a halfpenny packet; (2) This rule does not apply to a stamped proxy paper, or to a stamped and addressed post card, wrapper, or envelope forwarded in order that such card, wrapper, or envelope may be returned through the post.

6. If any of the rules relating to a halfpenny packet be infringed,

the packet will be treated as a letter.

POST CARDS.

The prepaid rate of postage on every post-card is a halfpenny, and on every reply post-card a penny. A post-card posted unpaid is chargeable on delivery with a postage of one penny.

Cards used as post-cards must be made of ordinary cardboard, not thicker than the material used for the thickest official post-card, and not thinner than the material used for the thinnest. They may not exceed 5½ inches in length by 3½ inches in width, or be less than 4 inches in

length by 23 inches in width.

Nothing may be attached, except stamps, in payment of postage or stamp duty, and (on the address side) a gummed label (not to exceed 2 inches long and \(\frac{3}{4}\)-inch wide) bearing the address of the person to whom the card is sent; a similar label bearing the name and address of the sender; and engravings, illustrations, drawings, and photographs, on very thin paper, and completely adherent to the card. A post-card may not be folded, nor may it be cut or altered in such a way as to reduce the size below \(\frac{3}{4}\) by \(\frac{2}{4}\) inches. Stamps in payment of postage must be affixed to the face of the card (i.e. to the side which bears the address). A post card may not be fastened against inspection in any way. If any of these rules be infringed, the card is treated as a letter.

INLAND PARCEL POST.

I. In order that a packet may be sent by Parcel Post, it must be presented at the counter of a Post Office for transmission as a parcel, and should bear the words "Parcel Post," written conspicuously in the left-hand top corner. It is desirable that the sender's address should appear either inside the parcel or on the cover, but in such a position as not to be mistaken for the address of the parcel. Parcels may also be accepted by Rural Postmen. The parcel should not be left until the weight, size, and postage have been tested by the officer who accepts it.

2. Every Post Office is open to the public for Parcel Post business on week days during the same hours as for general postal business. Parcels are neither accepted for transmission nor delivered on Sundays. On Christmas Day and Good Friday, in England and Ireland, there is one delivery of parcels, but parcels are not accepted for transmission. In Scotland, Parcel Post business is transacted as usual during the time

the office is open.

3. The size allowed for an Inland Parcel is—

Greatest length, 3 ft. 6 in. Greatest length and girth combined, . 6 ft. 0 in.

For example-

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, i.e., round it thickest part; or

A short parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, i.e., round its thickest part.

The greatest weight allowed for an inland parcel is II lbs.

4. The rates of Postage ared. For a parcel not exceeding I lb. in weight, . 3 For a parcel exceeding 1 lb. in weight and not exceeding 2 lbs. o 2 lbs. 5 ,, 0 3 ,, ,, ,, ,, 0 5 ,, ,, ,, ,, 0 7 ,, ,, ,, ,, ,, ,, •• 9 ,, 10 ,, 0 10 ,, ,, ,, ю,, ,,

5. No packet can be accepted by an officer of the Department for transmission by Parcel Post unless the postage is *prepaid*. The sender must affix the stamps himself, officers of the Department being strictly

forbidden to affix them on his behalf.

Persons desiring parcels to be redirected should fill up a redirection notice.

Compensation for the Loss or Damage of Unregistered

Inland Parcels.

The Postmaster-General is not legally liable to make good any claim arising out of the conveyance of a parcel sent by post, but he will accept liability under certain conditions.

If the parcel is registered, compensation will be given under the rules and regulations contained in full under the heading of "Registration

and Compensation."

If the parcel is not registered, the Postmaster-General will accept liability up to £2 without payment of any fee beyond the postage, provided the conditions have been complied with.

REGISTRATION AND COMPENSATION.

1. The ordinary registration fee for correspondence of any kind

(including parcels) is twopence, in addition to the postage.

The Postmaster-General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to the rules hereinafter mentioned, give compensation up to a maximum limit of £5 for the loss and damage of any Inland Registered Packet upon which this fee has been paid. Subject to the same rules he will grant compensation beyond £5 and up to a limit of £400 upon prepayment of an additional fee. The total fees, including that for registration, and the respective limits of compensation are as follows:—

mints of C	compensation are as follow		
Fee.	Limit of Compensation.	Fee.	Limit of Compensation.
2d. 3d. 4d. 5d. 6d.	£5. £20. £40. £60.	1s. 1d. 1s. 2d. 1s. 3d. 1s. 4d.	£220. £240. £260. £280.
7d. 8d. 9d.	£80. £100. £120. £140.	Is. 5d. Is. 6d. Is. 7d. Is. 8d.	£300. £320. £340. £360.
rod. rid. rs.	£ 160. £ 180. £ 200.	1s. 9d. 1s. 10d.	£380. £400.

2. Every article to be registered must be given to an officer of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will be liable to a registration fee of 4d (less any amount prepaid for registration).

3. The latest time for posting registered articles on payment of the ordinary fee is usually half an hour before the closing of the Letter Box; but articles bearing a late fee of fourpence, in addition to the ordinary registration fee, may be registered at any time within the half

hour if the office is open to the public.

4. When several postal packets are sent by the same person for registration they should be accompanied by a list (in duplicate) of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned to the bearer.

5. No Town Postman is allowed to take a postal packet to be registered; but Rural Postmen will accept postal packets for registration

whenever it is practicable for them to do so.

COMPULSORY REGISTRATION.

Packets which contain coin or jewellery and also all inland correspondence bearing the word "Registered," or any other word, phrase, or mark to the like effect, written or impressed on the cover, are, if posted without registration, subjected to compulsory registration, and are charged on delivery with a registration fee of 4d, less any amount

prepaid for registration.

Any packet which is found open in the post, or cannot be delivered, and which is found to contain an uncrossed postal order in which the name of the payee has not been inserted, a cheque or dividend warrant not crossed or made payable to order, a banknote, postage stamps, or any article (other than coin or jewellery), of a value in each case exceeding 10s, will be subject to registration, and be chargeable with a registration fee of 2d.

No compensation is given in respect of correspondence compulsorily

registered.

ACKNOWLEDGMENT OF DELIVERY OF REGISTERED POSTAL PACKETS.

The sender of registered correspondence may obtain an acknowledgment of its delivery on application at the office of posting, either at the time of posting or subsequently, on payment of a fee of 2d.

EXPRESS DELIVERY SERVICES.

(SERVICE I.) BY SPECIAL MESSENGER ALL THE WAY.

This Service is performed on week-days only.

Charges.

(a) The Express fee (including charges for any public conveyance, ε.g., omnibus, tramcar, or railway) is—For every mile or part of a mile from the Office of delivery to the address, 3d. On packets weighing more than I lb. a weight fee of 3d is charged.

(Ordinary postage is not charged.)

(b) If the sender desires, or it is otherwise necessary, that a cab or other special conveyance be used throughout (i.e., from the place of posting to the place of delivery), the actual fare or cost of the conveyance must be paid in addition to the mileage fee. The weight fee is not charged in such a case.

(c) Cycles are used, wherever practicable, for the delivery of express

packets of a size and weight suitable to be so carried.

(d) When several packets are tendered for delivery to one person, they should if possible be tied by the sender so as to form one packet,

which will then be so chargeable.

(e) When several packets are tendered by one sender for delivery by the same Messenger at different addresses, or to different persons at the same address, the Express Fee of 3d a mile will be charged for the full distance to be traversed by the Messenger up to the delivery of the last packet, and an additional fixed charge of 1d for each article above one. The number of articles delivered by one Messenger must not exceed ten. The sender may determine the order in which the packets are to be delivered. The weight fee will be charged upon the packets separately, not on the aggregate weight.

(f) All charges must be prepaid in postage stamps, to be affixed to

a form provided by the Post Office for the purpose.

Money and other valuables, live animals, and liquids, can be delivered by Express Messengers, who can also be employed to conduct persons to any address.

Posting and Distinctive Marking.

Every packet must be handed in over the counter, or to an officer authorised to receive it. In no case may it be posted in a letter box.

The words "Express Delivery" must be boldly and legibly written above the address in the left-hand corner of the cover.

Hours of Posting.

Week-days, 7 a.m. to 9 p.m.

There is no Express Delivery by messenger all the way (Service I.) on Sunday in Scotland.

Reply and Further Services.

On the delivery of an Express Packet, the delivering Messenger may take a reply or perform a further Express delivery service within the authorised hours. Express fees at the usual rates must be prepaid either by the sender of the first service or by the sender of the reply or further service.

When a reply or further service is required by the sender, the words "Wait Reply" or "Wait Further Service" should be written by the sender above the address of the packet, and the Messenger is allowed to wait for the reply 10 minutes free of charge, but after that time 2d is charged for every quarter of an hour or part of a quarter of an hour during which

the Messenger is required to wait.

When a packet or a reply or further service is taken to an address on the Messenger's homeward route, or within half a mile of the Post Office from which the Messenger started on the original service, half only of the mileage rate is charged, and is calculated on the actual distance traversed by the Messenger in performing the reply or further service.

A Telegraph Messenger on delivering a telegram may, if desired, take to the Post Office a postal packet for Express Delivery. The charges must be prepaid by sender. The Express fee will be charged as from the residence of the sender.

A Local Express Packet may be handed in at any Town Sub Office

which is not an Express Delivery Office under certain conditions.

(SERVICE II.) EXPRESS DELIVERY, AFTER TRANSMISSION BY POST.

Under this service, letters and parcels are forwarded by Mail in the regular course of post, and on arrival at the office of delivery are sent out by Express messenger.

(a) In addition to the full ordinary postage the same Express Fees will be charged as in the case of delivery by a special

Messenger throughout.

If the article is delivered from a General Post Office, or from a Head District Post Office, at an address outside the ordinary postal delivery of these offices, then the full Express fee of 3d a mile throughout is charged.

- (b) The sender is responsible for the charges. The postage and charges must be prepaid by means of stamps affixed to the letter or parcel. In any case where a special conveyance is required the whole charge for such conveyance should, if possible, be prepaid in postage stamps affixed to the letter or parcel, but any deficit will be demanded from the addressee. If the charges payable are not prepaid to the extent of at least one-half, the letter or parcel will be liable to be treated as an ordinary letter or parcel instead of being delivered by Special Messenger.
- (c) When more Express Letters or Parcels than one addressed to the same person, or to different persons at the same address, are received by the same Mail or by Mails arriving at or about the same time, and the Express fees are unpaid or not fully prepaid, the articles will be sent out for delivery by the same Special Messenger, and one full Express fee of 3d a mile will be charged upon one of the articles, and a fixed charge of 1d upon each of the rest. In calculating such charges the value of any postage stamps affixed to the articles beyond the ordinary postage will be allowed for.

The words "Express Delivery" must be boldly and legibly marked above the address on the left-hand side of the cover, and in the case of a letter the cover must in addition be marked with a broad perpendicular line from top to bottom, both on front and back.

Letters may be handed in at a Post Office, or to a Rural

Postman, or, if not for registration, posted in a letter-box.

Parcels and registered letters for this service must be handed in at a Post Office, or to a Rural Postman.

Delivery (on Week Days).

By Messenger, during the hours in which the office of delivery is

open for Telegraph business.

To Callers, whether by day or by night, when the Postal Staff is in attendance, if the letter or parcel arrive too early or too late for delivery by Special Messenger, or if it be addressed to the Post Office "To be called for."

On Sundays (Letters only).

By Special Messenger during the hours when the office of delivery is open for Telegraph business, and to callers for letters.

(III.) SPECIAL DELIVERY IN ADVANCE OF THE ORDINARY DELIVERIES.

Persons or Firms who desire at any time to receive their letters, or other Postal Packets, in advance of the ordinary delivery may have them delivered by Special Messenger on payment of the following fees, viz. :-

The full Express Fee of 3d a mile as for one packet, and 1d for every

10, or less number, of additional packets beyond the first.

Applications for such special delivery must be signed by the Person or Firm to which the Letters or Postal Packets in question are addressed. If the Letters or Parcels have to be searched for at more than one delivery a charge of 3d is made for each extra search in addition to the Express fees levied when the special delivery takes place. Forms of

application may be obtained at most Post Offices.

The applications should be addressed to the Postmaster or Chief Officer on duty at the Post Office from which the letters are ordinarily delivered. Where possible, it should be delivered at the Office by hand; but where this cannot be done it may be handed in at any Post Office or posted in any letter box in the district served from the Office. In the latter case the postage should be prepaid by means of a penny stamp affixed to the outside of the form. Care should be taken, however, that the application reaches the Office on the previous evening, if it is intended to apply to the early delivery in the morning, and, if to other deliveries during the day, an hour at least before the time at which the delivery by Postmen commences.

The Express Fee on at least one packet must be prepaid in stamps affixed to the application. All additional fees must be paid to the Special

Messenger on delivery.

If no letters, &c., for the address given are found, a Special Messenger will be sent to inform the applicant to that effect, and the Express Fee will be retained to pay for this service.

In cases where a regular delivery by Special Messenger is required, either on one or more days of the week, or of letters, &c., arriving by particular Inland or Foreign Mails, it will be sufficient if only one Form of Application, altered to meet the requirements, is filled up and left with the Postmaster. In such cases the whole of the charges will be collected on the delivery of the letters.

SINGLE LETTERS CONVEYED BY RAILWAY.

By an agreement with the Postmaster-General railway companies are permitted to accept and convey by the next available train or steamship single inland post letters, not exceeding 4 oz. in weight, either to be called for at the station of address, or to be transferred there to the nearest post office letter-box. In addition the postage of 1d, which must be prepaid by means of adhesive stamps, the companies are authorised to charge a fee of 2d per letter, which must be prepaid in money.

Letters intended for transmission by railway must be handed in at

he passenger or parcel booking office of the company.

N.B. Save in the case of a letter exempted from the exclusive privilege of the Postmaster-General no letter can legally be sent by railway otherwise than in His Majesty's mails, or in the manner above described.

ARTICLES NOT ALLOWED TO BE SENT BY POST.

I. No indecent or obscene print, painting, photograph, lithograph, engraving, book, card, or any article having thereon, or on the cover thereof, any words, marks, or designs of an indecent, obscene, or grossly offensive character may be sent by Post at all, nor any explosive, dangerous, noxious, or deleterious substance, nor any filth, nor any sharp instrument not properly protected, nor any living creature, except bees, nor anything likely to injure the contents of the Mails, or any officer of the Post Office. If any such postal packet be tendered for transmission it is refused, or, if detected in transit, it is detained. The contents of any such packet are liable to be dealt with in such manner as the Postmaster-General may direct, and the sender of it is liable to prosecution by the Department.

2. China, crockery, eggs, fruit, fish, meat, &c., may not be sent by any Post but the Parcel Post, and, if so sent, must be packed with special care.

3. Any postal packet sent by Letter Post which cannot from the nature of its contents be transmitted thereby is, if admissible by Parcel Post, transferred to that Post, and treated and charged as a parcel posted out of course. If inadmissible by Parcel Post, the packet is liable to be detained and dealt with as the Postmaster-General may direct.

4. No postal packet may contain an enclosure addressed to a name and an address differing from the name and address borne on the cover of the packet. If any packet is observed to contain such enclosures, when tendered for transmission, it is refused, or, if detected in transit, each forbidden enclosure is liable to be taken out, and forwarded to the addressee thereof, charged with a separate postage at the prepaid rate.

RE-DIRECTION.

I. Letters, half-penny packets, post cards, and newspapers, are not liable to additional postage for re-direction, whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters, &c., are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened or tampered with.

2. Re-directed letters, &c., which are reposted later than the day after delivery, will be liable to charge at the prepaid rate. Any which appear to have been opened or tampered with will be chargeable as

freshly posted unpaid letters or packets.

3. Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed letter or packet at the second address.

4. Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and corrected addresses are both within a delivery from the same Post Office, and the

re-direction is made within the period of free re-direction.

5. Registered letters or packets, on being re-directed, must not be dropped into a letter box, but must be taken to a Post Office to be dealt with as registered. No additional postage or registration fee will be charged upon them if they are presented for re-registration not later than the day after delivery; but if they are presented after that time they will be treated as freshly posted, and fresh postage and registration fees will be payable in respect of them.

If any registered letter or packet when re-directed, instead of being given back to the Post Office to be dealt with as registered, is dropped into a letter box as an ordinary letter or packet, it becomes liable to

surcharge on delivery.

6. Notices of Removal and Applications for Letters, &-c., to be Re-directed, must in all cases be duly signed by the persons to whom the letters are addressed. Printed forms can be obtained from the local Postmaster. Separate notices should be filled up if it is desired that parcels and telegrams should be re-directed. The Post Office does not undertake to provide for the re-direction of letters, &c., for a longer period than twelve months from the date of removal, but it is open to any person, after his correspondence has been re-directed for that time, to apply for an extension of the privilege on prepayment of a fee of one shilling a year for the second and third years. For continuing official re-direction after three years from the change of address an annual fee of 5s is payable.

7. The Post Office does not undertake the re-direction of letters, &c., for a person temporarily leaving home, unless the house be left uninhabited; nor, as a general rule, does it re-direct letters, &c.,

addressed to Clubs, Hotels, Boarding-Houses, or Lodgings.

DELIVERY.

Postmen are prohibited, whether on duty or not, from distributing any letters, newspapers, parcels, &c., except such as have passed through the Post.

On ordinary week days, and Local Holidays in Scotland, correspondence for persons residing within a town delivery area will be delivered free at the Post Office only to Private Box holders and persons entitled to use the Poste Restante. Other persons calling for their correspondence must in each case pay a special fee of 3d, and this fee must be paid for the search (which will only be made if the correspondence for delivery is readily accessible at the time) whether successful or not. By payment of a fee of £1 Is a year, registered correspondence which could not be delivered in the ordinary course at the first delivery may be called for even if a delivery is about to take place.

All letters, &c., must be delivered as addressed; but, by payment of a fee of £1 is a year, firms or persons can have letters addressed to their offices delivered at their private address, and *vice versa*, provided

that both addresses are served from the same delivery office.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

I. The Post Office is not legally liable for any loss or inconvenience which may arise from the damage, delay, non-delivery, mis-sending, or mis-delivery of any letter, or other postal packet, but liability for actual loss or damage is accepted on certain conditions in the case of parcels and registered packets.

Postmasters are not allowed to return any letter, parcel, or other postal packet to the writer or sender, or to anyone else, or to delay forwarding it to its destination according to the address, even though a

request to such effect be written thereon.

- 3. Postmasters are not bound to give change nor are they authorised to demand it; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.
- 4. Postmasters are not bound to weigh for the public letters, halfpenny packets, or newspapers, brought for the post, but they may do so, if their duty be not thereby impeded. This rule does not apply to parcels, which are tested both as to weight and size before being accepted.
- 5. No information can be given respecting correspondence except to the persons to whom it is addressed; and in no other way is official information of a private character allowed to be made public.
- 6. If any postal packet be forwarded under cover to any Postmaster with a request that he will re-post it at his office, the postal packet, on being re-posted, will be endorsed with the words "posted at ——, under cover, to the Postmaster of ——."
- Applications for information should be addressed to the Secretary of the Post Office.
- 8. Letters, &c., should be clearly and legibly addressed. When writing to a place where there is a *Sub-Post Office only*, the name of the *Post-town* (or *County* in some cases) should be added.

The name of the Post-town, as a rule, completes the address, but in

certain cases the name of the County is required.

Abbreviated addresses registered for telegrams should not be used for letters.

9. In the case of letters or other postal packets for places abroad the name of the *Country* as well as the town should be given in full. For example, a letter intended for London (Ontario) should be so addressed.

ro. Nothing may be written or printed on the address-side of any postal packet which, either by tending to prevent the easy and quick reading of the address, or by inconvenient proximity to the postage stamps, or in any other way, is likely to embarrass the Officers of the Department in dealing with the packet. Contravention of this regulation may result in correspondence being withheld from delivery.

11. Circulars should be tied in bundles, with all the addresses in one direction, and should be posted early in the day to secure due despatch.

12. When a person to whom a letter has been delivered has reason to think that it has been improperly charged as overweight, the letter should be taken to a Post Office to be weighed before being opened. Unless this course is followed, no question as to the correctness of the surcharge can afterwards be entertained.

13. The Postmaster-General has power to delay the despatch or delivery of halfpenny packets, post cards, and parcels, when it is necessary to do so in order to secure the due despatch of the letter mails, and also to delay parcels when he considers it expedient for their safety and protection to do so.

14. Town Postmen are not allowed to take charge of letters for the post, but Rural Postmen may accept letters handed to them on their

route, except in the vicinity of a Letter Box.

15. Rural postmen are instructed to accept for delivery ordinary postal packets, on which the postage is fully prepaid by means of stamps, if addressed to any house which they will have to pass in the usual

course of their duty. This arrangement does not extend to registered postal packets.

DISPOSAL OF UNDELIVERED CORRESPONDENCE.

1. Every letter should bear the full name and address of the sender,

in order to ensure its return in case of non-delivery.

2. An undelivered inland letter bearing the full name and address of the sender printed or written upon the outside is returned direct and unopened. Other undelivered inland letters are sent to the Returned Letter Office, where they are opened and returned, if possible, to the senders; if they contain neither sender's address nor any enclosure of importance they are destroyed. Letters found to contain value are recorded, and, if returned, are registered. Letters from abroad are returned unopened to the country of origin, after a brief detention in the Returned Letter Office.

3. Halfpenny packets, post cards, and newspapers which cannot be

delivered are disposed of as follows: -

(I.) Those bearing on the outside the name and address of the sender with a request for their return in case of non-delivery are sent back direct from the office of delivery, and are delivered to the sender on payment of a second postage.

(2.) Those bearing on the outside no request for return in case of

non-delivery are disposed of.

FREE MONEY ORDERS FOR INLAND REVENUE PURPOSES.

Money Orders for amounts not exceeding £40 are issued, free of charge, in favour of "The Commissioners of Inland Revenue," when required for the remittance of Income Tax, Inhabited House Duty, Land Tax, or Legacy and Succession and Death Duties, or Excise License Duties (in the latter case only where the Licenses are not obtainable at Money Order Offices). The official notice to pay (or, in the case of Hackney Carriage License Duty, the "Declaration" required by the Board of Inland Revenue) must, in each case, be presented for inspection when the Order is applied for, and the conditions stated in the notice must be complied with.

The person who purchases a Money Order must give his name and address, the name of the person to whom he wishes the money to be

paid, and the office at which it is to be paid.

The remitter of an Inland Order may direct, at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank, or the Remitter may cross the order after obtaining it. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

In the case of a Money Order payable to any company, corporation, or society, the Money Order must be stamped in the receipt space with the name of the company mentioned in the advice as the payee. In cases where no stamp is used the person presenting the Order must receipt the Money Order by writing the name of the company in the receipt space and also signing his own name and designating his official position in the company.

The holder of an Inland Money Order may direct, by crossing it, that the Order be paid through a Bank, even though its payment was

not originally so restricted.

An Order once issued cannot be cancelled. Should repayment or transfer to a different office be required, the remitter or payee must make application at the nearest Money Order Office for the necessary

form to effect such.

If the remitter of a Money Order, issued and payable in the United Kingdom, is desirous of delaying payment for any period not exceeding ten days, he must, at the time of the issue of the order, sign his name in the place allotted for his signature at the foot of the Money Order, and should inform the Postmaster that he wishes payment to be so deferred.

Payment of an Order, other than a Telegraph Order, cannot under

any circumstances be made on the day of issue.

Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless when a good reason can be given for the delay in presenting it, an application for payment, subject to a deduction of 6d, is entertained.

After once paying a Money Order, by whomsoever presented, the

Office is not liable to any further claim.

TELEGRAPH MONEY ORDERS (INLAND).

Money may be transmitted by Telegraph Money Order between all Post Offices in the United Kingdom authorised to transact Telegraph and Money Order business; and payment of the Order can be obtained between the hours of 8 a.m. and 8 p.m., except that some Town Sub-Offices close early one day of the week. At those offices, however, which forward but do not deliver Telegrams, Telegraph Money Orders can be issued, but cannot be paid.

Telegraph Money Order business is not transacted on Sundays, Good Friday, or Christmas Day (Scotland excepted as regards Good

Friday and Christmas Day).

LIMIT OF AMOUNT.

No single Telegraph Money Order can be issued for a greater amount than £40.

CHARGES.

The charges for Inland Telegraph Orders are as follows:-

The person so named must, before payment can be made, sign the receipt at the foot of the Order, and must also fill in the name of the Money Order Office, if that has not been already done. The insertion of the name of the paying office affords a safeguard against payment being made to a wrong person.

6. Every person to whom a Postal Order is issued should retain the counterfoil. Its production will facilitate enquiry if the order

should be lost.

7. The Postmaster-General cannot consider any application respecting a Postal Order which has miscarried or which has been lost or destroyed, unless the number of the order can be furnished, and unless proof be given to his satisfaction that the name of the payee was inserted in the order before the holder parted with it.

the Order.

12. The sender of a Postal Order which has not been crossed for payment through a bank, can obtain repayment of the amount (but not the poundage) on presenting the Order and the Counterfoil at the

issuing Office.

14. Postal Orders presented for payment more than 6 months after the month of issue are not paid until reference has been made to the Chief Office in London.

I. Every Provincial Post Office Savings Bank is open from 8 a.m. to

8 p.m. on week days.

2. At these Offices ordinary deposits of one shilling, or any number of shillings, will be received, to the extent of £50 in one year ending 31st December, and £200 in all, inclusive of interest. Subject to the limit of £200, a depositor may, besides depositing £50 in the year, deposit in any year ending 31st December, one sum or several sums for the purpose of replacing in whole or in part the amount of any one (but not more than one) withdrawal previously made in that year. In addition, deposits will be received for immediate investment in Government Stock, and in connection with Government Insurance and Annuities. Cheques are accepted as Savings Bank deposits.

3. Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a penny Stamp, and affixing it to a form to be obtained at any Post Office. Instructions as to this form

are printed thereon.

4. On opening an account a person must state his Christian name or names and surname, occupation, and residence. He must also sign a declaration to the effect that he takes no benefit from any other account in the Post Office Savings Bank or in a Trustee Savings Bank (unless it be in respect of deposits to which he is entitled from the

account of a deceased depositor, but which by reason of his age he cannot withdraw, or as member of a Friendly or Charitable Society). This declaration must be witnessed by the officer receiving the deposit, or some person known to him, or some other officer of the Post Office, a Minister of any religious denomination, a Justice of the Peace, or a Commissioner to administer Oaths. If the declaration is not true, the deposits will be liable to forfeiture. It is not necessary that a person desiring to become a depositor should attend at some Postal Savings Bank Office for the purpose of opening an account, as the declaration, when duly signed, can be presented at the Office on his behalf by another person, together with the money to be deposited.

- 5. Every deposit must be entered in the depositor's book by the Postmaster or other person receiving it, who must affix to the entry his signature and the stamp of his office. A depositor should carefully examine his book before leaving the office to ascertain that the entry is correct, and he should keep his book in his own possession.
- 6. In addition to the receipt in the book, the depositor receives for every deposit of £1 or over an acknowledgment by post from the Savings Bank Department in London, and this should reach him within six clear days, exclusive of Sundays and Bank Holidays. If desired, an acknowledgment can be addressed to any Post Office to be called for, and it will be retained at the Post Office a month.

- 8. Once in each year, on the anniversary of the day on which his first deposit vas made, the depositor should forward his book to the Controller of the Savings Bank Department, in order that it may be compared with the books of the Department, and that the interest to the previous 31st December may be inserted.
- 9. An envelope for the transmission of the book can be obtained at any Postal Savings Bank Office on satisfying the Postmaster that the proper time for forwarding the book has arrived.

WITHDRAWAL ON DEMAND OF SUMS NOT EXCEEDING £1.

Any sum not exceeding £1 can be withdrawn without notice at any Post Office transacting Savings Bank business. A form of application will be handed to the Depositor to fill in, and his receipt for the money will be taken on the same form. The book will be retained by the Postmaster for transmission to the Central Savings Bank, but will be returned to the Depositor in the course of a few days.

Payments without notice are only made to Depositors in person.

If a Depositor cannot write he must, unless personally known at the Post Office, be accompanied by some person known there who can vouch for his identity and attest his mark.

WITHDRAWALS BY TELEGRAPH AND BY RETURN OF POST.

A depositor may obtain payment from his account of any sum not exceeding £10 on the same day on which notice is given by defraying the cost of the necessary telegrams to and from the Controller, Savings Bank, London.

POST OFFICE (INLAND) TELEGRAPHS.

1. The charge is 6d for the first 12 words, and 2d for each additional

word. Addresses are charged for.

2. The amount covers the cost of delivery within three miles or within the town postal delivery of a Head Post Office, when that extends for more than three miles; otherwise the message is delivered free within three miles only.

3. When the address is beyond the free delivery, porterage is charged at the rate of 3d per mile or part of a mile; the charge being

reckoned from the boundary of the free delivery.

4. The sender is responsible for all charges incurred for delivery, and must, when practicable, state the distance and pay the charge in advance. When the exact distance is not known, a deposit must be paid.

5. Should the sender have understated the distance, the deficiency is charged on delivery, but if he has paid too much, the excess is refunded.

6. Telegrams to be forwarded by train from the terminal or other office must bear the word "train," or the words "train from," as the case may be, at the end of the address, and a deposit of 1s paid if the exact charge is not known.

7. A deposit for boat hire is required upon every telegram addressed to a ship unless the ship be alongside a wharf, jetty, or pier. Any

surplus is refunded.

8. The sender should prepay an extra half rate on all important telegrams to secure their repetition from office to office, thus diminishing the risk of error.

9. The receiver of a telegram may have it repeated by depositing half the amount paid for its transmission to him, or a portion of the message may be repeated; the minimum charge for repetition is 3d. The money will be refunded if the telegram has been inaccurately transmitted.

10. The cost of a reply, not exceeding forty-eight words may be

prepaid.

11. Telegrams re-directed to a second address are liable to an addi-

tional charge.

12. Copies of a telegram directed to more than one person in the same free delivery are delivered at an additional charge of twopence per

copy, in addition to a halfpenny for each word in the address of the copy. Each London Postal District is regarded, for this purpose, as

forming a separate town.

13. Telegrams posted in any official letter-box will be sent by the next collection of letters to the Telegraph Office to which the letters are taken, and thence transmitted by wire, free of extra charge, provided they bear postage stamps sufficient to pay for transmission and porterage (if any). Such telegrams should be legibly addressed "Telegram, Immediate."

14. Telegrams posted, insufficiently prepaid, are forwarded and the deficiency is charged to the addressee; but unpaid telegrams are not

forwarded.

15. Telegrams may be sent before and after the usual office hours—provided the Delivering Office is open—on payment of a fee—usually 1s 6d. Entrance to Post Office by Cross-shore Street.

The fee is only charged on one telegram if more telegrams than

one are handed in together by the same person.

16. Offices may be kept open after hours, by prior arrangement, on

payment of certain fees.

17. Telegraph Offices are, as a rule, open from 8 a.m. to 8 p.m. on week days. On Sundays the hours of attendance are usually from 8 a.m. to 10 a.m. in England, and from 9 a.m. to 10 a.m. in Scotland and Ireland. Certain offices are open longer, and information as to the hours at those offices can be obtained at any Telegraph Office.

18. Telegrams in plain language, in any European tongue, or in Latin are charged for according to the number of words; but all words not forming part of any European language or of Latin are

charged for at the rate of five letters to a word.

19. No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens,

as "mother-in-law," "forty-seven," "warehouseman."

All names of towns and villages in the United Kingdom are counted as one word each, thus Port-Glasgow and Wemyss Bay are chargeable as single words; but all other names are counted according to the number of words they contain, thus James Watt Dock counts as three words. As exceptions, O'Neil, Macdonald, and De La Rue are counted as one word each. So also are names with the prefix St., but double names of persons (like Shaw Stewart), although written with a hyphen, are counted as two words.

20. The abbreviations can't, won't, don't, and shan't are counted as one word.

21. Figures count at the rate of five to a word. In fractions one figure is added for the mark of division between the numerator and denominator. In groups of figures a full stop, a bar of division, or oblique stroke is counted as a figure. Ordinal numbers, such as 1st and 3rd are counted as one word each, and 1522nd as two words.

22. The initial letters denoting the several London Postal Districts are counted as one word for each group; but other initial letters are counted as one word each.

23. When words are underlined, or placed in a parenthesis, or within inverted commas, one extra word is charged for.

24. Special instructions, such as "private," "confidential," "to be opened at once," or the like, written at the sender's request on the envelope of a message, are charged for as part of the message.

25. The sender may have his telegram cancelled, and if done before the commencement of transmission the sum paid will be returned, less a fee of 2d; but if transmission has commenced the sum will not be returned.

26. Telegrams addressed to a Telegraph Office "to be called for"

are kept two clear days.

27. Telegrams requesting the re-direction of letters or parcels are accepted at the ordinary rate, and must in all cases bear the sender's

28. Telegrams indecently worded, or appearing to contain libellous

or grossly offensive matter, will not be transmitted.

29. The Department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

REGISTERED ABBREVIATED ADDRESSES.

Any person may register an abbreviated or arbitrary address on payment of a fee of £1 is a year, dating from the day of registration. The address must consist of two words, one of which is to be the town or place of delivery. Telegrams intended to be delivered to the care of a person who has registered an abbreviated address must have "care of" or "c/o" written before the abbreviated address, thus, "Smith, care of Hercules, London." The symbol "c/o" counts as one word. The registration of abbreviated addresses is not recommended.

Foreign Service.

(Regulations founded on the International Telegraph Convention.)

1.* Foreign telegrams are of two kinds, telegrams in plain language and telegrams in secret language. Those in plain language are composed of words, figures, and letters conveying an intelligible Those in secret language are divided into two classes: (1)

preconcerted language or code, (2) cypher.

- 2. Telegrams in preconcerted language, or code, are composed of words, the context of which has no intelligible meaning, or of pronouceable groups of letters having the appearance of real words. Proper names (other than those appearing in the "Official Vocabulary for Telegrams in Preconcerted Language," published by the International Telegraph Office at Berne) are not allowed in the text of such telegrams, except in their natural sense. Words of more than 10 letters are not allowed. Only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin may be employed; but words of any or all of these languages are allowed in the same telegram.
- 3. Cypher telegrams are those containing groups of figures having a secret meaning. Telegrams consisting of groups of letters are not accepted, but groups of letters denoting commercial marks are allowed in the midst of plain or preconcerted language, and are then charged for as figures.

^{*} The rates may be ascertained at any Post Office or from the Post Office Guide.

- 4. The address of the telegram must be paid for, and must not consist of less than two words, a name and a town.
- 5. The address of the sender is charged for if transmitted; in any case it must be written at the foot of the form.
- 6. In telegrams written in plain language the length allowed for a word is 15 letters. Any additional letters are charged for at the rate of 15 letters to the word.
- 7. Subject to this limit compound words and names of persons, places, ships, &c., written without break are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words. In the address of a telegram the names of the place and country for which the telegram is intended are counted as single words, whatever their length.

Words incorrectly spelled, so as to reduce the number of letters below the maximum, or incorrectly joined together, contrary to the usage of the language, are inadmissible.

- 8. Every separate letter or figure is charged for as a word. Groups of letters forming cypher and groups of figures are counted at the rate of five to a word. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.
- Addresses should be written in French or in the language of the country to which the telegrams are to be sent; and the full address of the addressee should be stated: the sender is held responsible for an incorrect or insufficient address.
- 10. A reply of any length can be prepaid, but the minimum payment is 10d. If the sender desires to prepay a reply, he must insert before the address of destination "R. P.——," which is charged for as one word.

If the addressee does not use the reply form of a telegram, the cost of the reply will be returned to the sender on application to the Post Office within three months. The addressee must return the form with his application. When the charge for the reply is less than the amount prepaid, the balance, provided that it is not less than Iod in amount, will be returned to the sender of the original telegram on his applying to the Post Office within three months; but no such allowance is made in the case of telegrams for places within the European system.

- 11. The sender can have his telegram repeated from office to office throughout the whole course of its transmission by paying an additional quarter rate, the expression "T. C." being inserted immediately before the receiver's address, which is charged for as one word.
- 12. On payment of a charge equal to the inland rate, the sender can have the telegram repeated between the office of origin and the office in Great Britain at which it is handed over to the Cable Company.
- 13. The sender may have a notice of the time at which his telegram was delivered transmitted to him by telegram on payment of an additional rate for 5 words, plus the charge for one additional word, the expression "P. C." being inserted before the receiver's address. The

information will be given by post on payment of a fee of 5d, and of the charge for one additional word for the expression "P C P" before the address.

14. The receiver of a telegram can, by application at the Delivery Office, obtain the verification of doubtful passages or words. For this purpose he must pay for two separate telegrams, viz.:—One requesting the repetition, and the other consisting of the reply, plus one word for the name of the addressee.

The amount is refunded on application to the Secretary, G.P.O., if

the telegram has been inaccurately transmitted.

If the repetition shows that only a portion of the telegram was inaccurately transmitted, a proportionate part of the amount paid for

repetition will be refunded.

15. The receiver of a telegram addressed to a place in the United Kingdom may have it repeated from the office of the Cable Co. by paying the ordinary inland rate for the part of the telegram which he wishes to be repeated; and if it be found that an error has taken place the amount so paid will be refunded.

16. In telegrams intended to be left until called for at Telegraph or at Post Offices, the words "Telegraphe Restante" (or "T.R."), or "Poste Restante" (or "G.P."), or "Poste Restante Registered" (or "G.P.R."), must form part of the receiver's address. The instructions "T.R.," "G.P.," and "G.P.R.," are each counted as one word.

A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram, and a sum of 5d must be prepaid for every extra copy to be delivered if the number of chargeable words does not exceed 100; an additional sum of 5d being charged for every additional 100 words or part of 100 words.

In calculating the charge all the names and addresses are included. Telegrams having multiple addresses are not accepted for America.

17. Under no circumstances is the charge for an unrepeated telegram, which has been inaccurately transmitted, refunded. The cost of a repeated telegram which has been inaccurately transmitted is returned when it is shown that the telegram was rendered useless thereby.

The cost of telegrams which have failed to reach their destination owing to some error of the telegraph service; the cost, if not less than 10d, of any word or words omitted during transmission, and the cost of telegrams delayed through the fault of the telegraph service beyond 12 hours in the case of certain countries in Europe; beyond 24 hours in the case of other countries in Europe, and Algeria, Tunis, the Caucasus, or Turkey in Asia; and beyond 72 hours in the case of other countries, is returned to the senders.

The cost of any telegrams which may have been rendered necessary in consequence of the non-delivery, delay, or incorrect transmission of a telegram is in no case returned, except as regards telegrams sent under the conditions mentioned in par. 14.

The amount paid for a telegram cancelled before transmission has commenced is returned, less the sum of twopence. If the telegram is

cancelled after transmission has commenced, but before it has reached the place to which it is addressed, any balance of charges which may be due to the sender will be returned.

18. Claims for reimbursement of the charges paid for telegrams

should be accompanied-

a. In the case of non-delivery or delay by a written statement from the terminal office, or the addressee, that the telegram has not been received or has been delayed.

b. In the case of error in a collated telegram, by the actual message

form delivered to the addressee.

c. In the case of error in a telegram of which the receiver has paid the repetition from the office of origin, by the original message form delivered to the addressee, together with the form upon which the repeated telegram is written.

19. No claim for reimbursement on telegrams will be entertained unless made within five months of the date of the original telegram.

Foreign administrations decline to make any inquiry into complaints which do not involve a return of the cost of the telegram within the

limit of rule 17.

20. A telegram can be forwarded partly by telegraph and partly by post. Thus, a telegram intended for India can be telegraphed to Brindisi and thence forwarded by post to its destination, on payment of 2½ d for postage in addition to the cost of the telegram.

A telegram can also be forwarded by post from one place to another

in the same country.

PRIVATE TELEGRAPHS.

Private telegraph and telephone lines between the place of business or residence of a firm or private individual and a Postal Telegraph Office, or between two or more places of business or residence, may be rented.

FOREIGN AND COLONIAL PARCEL POST. GENERAL REGULATIONS.

The rules as to the method of address, posting, and certificates of

posting, are similar to the rules for Inland parcels.

Parcels are subject to Customs regulations, and the sender of each parcel is required to make for Customs purposes—upon a special form provided for the purpose, which can be obtained at any Post Office—an accurate statement of the nature and value of the contents, and other particulars. The net weight or quantity of the various articles contained in a parcel and, as regards clothing, whether it is new or has been worn, and any other particulars which would facilitate the assessment of Customs duty should be stated.

Parcels are liable to be opened for Customs examination, and their contents are subject to Customs duty, according to the laws of the Country or Colony of destination. In most Foreign Countries and British Colonies, the articles which are not subject to Customs duty on importation are comparatively few. The Post Office can give no information as to the procedure of particular countries, nor does it accept any responsibility for loss, delay, or charges arising from the Customs or sanitary regulations to which the contents of parcels are subject. The Customs duty can be prepaid by the sender to a number of Foreign Countries and British Possessions; particulars can be obtained at Head Office.

The Postmaster-General will—not in consequence of any legal liability, but voluntarily, and as an act of grace—give compensation for the loss or damage of uninsured parcels sent by Parcel Post to certain British Possessions and Foreign Countries when such loss or damage takes place while the parcels are in his custody, and does not arise from any fault of the senders or the nature of the contents. The compensation paid will in no case exceed £1.

Parcels addressed to a number of Foreign Countries and British

Possessions can be insured.

The fee for insurance, as well as the postage, must be prepaid; and no parcel can be insured for more than £120. Insured parcels must be sealed by the senders.

The rules as to Inland registered parcels apply generally to Colonial

and Foreign insured parcels.

There is at present no system of insurance for parcels exchanged with any Foreign Country or British Possession except for certain places, a list of which can be obtained at any Post Office.

CUSTOM OF THE PORT.

The Chamber of Commerce and Manufactures of Greenock, at General Meetings, held on 25th February, 1876, 20th November, 1888, and 26th November, 1895, declared the following to be the Custom of the Port of Greenock, with reference to the matters referred to, applicable when no special stipulations are made in Charter Parties or other binding documents:—

I.—Entering Cargo.

I. When a vessel has been reported at the Customs, the Master gives notice to the Consignee, and the latter is bound, within forty-eight hours after such notice, to enter the cargo at the Customs.

II.—BERTHING VESSEL AND DELIVERING CARGO.

 Vessels are bound to discharge at the berths assigned by the Harbour Master, and Consignees are bound to take delivery of cargo

from alongside when landed at the quay at said berths.

2. In the case of Timber discharged into the water, the Consignee is not bound to take delivery unless the timber is inside a Harbour Basin, so that when the assigned berth is not inside a Harbour Basin, the ship is bound to float the timber into a Harbour Basin, and deliver it there.

3. All deals, staves, or broken stowage must be landed on the Quay

by the ship.

III.—Time for Discharging when no Number of Lay Days is Specified in the Charter Party.

1. When the vessel is in the berth assigned by the Harbour Master, the Master gives notice thereof to the Consignee, and the Master is bound to begin delivering, and the Consignee to begin taking delivery of the cargo within twenty-four hours thereafter, provided the time allowed for entering the cargo shall then have elapsed.

2. The Master is bound to tender, and the Consignee to receive, cargo each working day, weather permitting, at the following rates, unless a larger quantity is mutually agreed on, or unless modified by the Harbour Master, in virtue of the powers possessed by him under the

Harbour Bye-Laws.

b. (Deleted 20th November, 1888.)

c. The discharge of vessels laden with other non-dutiable goods to be carried on during the ordinary working hours according to the season of the year—unless when overtime is worked by mutual agreement, and Consignees are bound, weather permitting, to keep the discharge going continuously during said hours, and to receive and to remove the cargo from the ship's gangway in such a way as to enable the work to be carried on without interruption throughout the entire discharge to the full extent of the ordinary hours allowed for carrying on the work.

IV .- LAY DAYS WHEN THE NUMBER IS SPECIFIED.

1. The Master gives written notice to the Consignee when the vessel is in the Discharging Berth assigned by the Harbour Master and ready to discharge, and the lay days begin to count from the date on which the said notice is given; but the day of giving notice does not count as a lay day unless the said notice is received by the Consignee before Twelve o'clock noon.

2. In case the harbours are so crowded that the vessel cannot be berthed, the Master gives written notice to the Consignee when the vessel is in the Harbour Basin or moored at the Quays, and, provided she would have been ready to begin discharging if the berth had been available, such notice takes the place of that provided in the previous clause.

3. Days (not described as "running days") meaning working days —i.e., Sundays and Customs and local holidays, do not count.

4. When the number of lay days is specially mentioned for discharging, the Master is bound to tender, and the Consignee to take delivery,

of a proportionate quantity of the cargo each working day, unless some

other quantity is mutually agreed on.

NOTE.—Should the said proportionate quantity be less than the quantity specified above (Section III., Clause 2), the Master is bound to tender, and the Consignee to take delivery, of the latter quantity each working day.

5. When the number of lay days for discharging is the unexhausted balance of a number specified for discharging and other purposes, the quantity to be tendered and taken delivery of each working day is the quantity specified above (Section III., Clause 2), unless a larger quantity is mutually agreed on.

6. A day does not count against the Consignee if the discharge is interrupted through failure of the Master to tender cargo as above stated.

V.—SETTLEMENT OF FREIGHT.

I. Freights on wood and timber from ports in Canada and United States are payable, one-third in cash on arrival, and the remaining twothirds on right and true delivery of the cargo, in good and approved Bills at four months, or in cash less four months' discount at the rate of five

per cent, per annum, from the date of completion of discharge.

2. All other Freights, except Coasting and Continental Freights are payable on right and true delivery of the cargo in cash, less one month's discount at the rate of five per cent. per annum, from date of vessel's report at Customs, in cases of cargoes from ports on this side of Cape Horn and the Cape of Good Hope, and less two months' discount at the said rate in cases of cargoes from ports on the other side of the said Capes.

3. Freights on goods payable by weight are payable on the net weight delivered, unless otherwise specially stipulated, except Coasting and Continental Freights, which are payable on the gross weight, unless otherwise specially stipulated. Freights payable by measurement are payable by calliper measure, unless otherwise specially stipulated.

4. When Freight is payable by a Bill on Usance on London or in cash equal thereto, cash without discount is meant, or a Bill for the same amount on London at such a date as the Banks here will grant

without charge.

5. Approved Bills means Bankers' Drafts or Acceptances guaranteed

by a Banker.

6. When the ship is consigned to charterers or their agents paying usual or customary commission, the consignee of the cargo is entitled to deduct two-and-a-half per cent. from the amount of Freight payable by him.

NOTE.—When Freight is to be paid in cash on right and true delivery of the cargo, without reference to the custom of the port, net

cash free from discount is meant.

VI.—Grain and Similar Cargoes.

In the case of steam or sailing vessels arriving at the Port of Greenock wholly or partially laden with Grain and/or Seeds in bags or in bulk, it is, in the absence of any express stipulations to the contrary in the Charter Party or Bills of Lading, deemed to be the Custom of the Port that-

(a) The entire cost of discharging the cargo from the holds, and delivering same on ship's deck or rail, falls to be borne by the ship.

(b) In the event of the Consignees requiring Grain in bags to be "skipped" or Grain in bulk to be bagged in the hold, all cost of doing

so falls to be paid by them.

(c) Should Grain or Seed be raised from the hold by dock side cranes, or other shore appliances, and landed direct on verandah or into the floors or lofts of sheds or warehouses, or into railway trucks alongside ship, the extra cost beyond the "hold to deck rate" falls to be borne by Consignees.

(d) The cost of weighing on ship's deck or ashore falls to be wholly

paid by the Consignees.

(e) Grain is deemed to include Wheat, Oats, Maize, Barley, Beans, &c., and Seeds to include Cotton, Lin, Castor, Gingelly, and Rape Seeds.

Note. -I. to V. inclusive were passed on 25th February, 1876. VI.

was passed on 26th November, 1895.
WILLIAM HARDIE, Secretary.
